

## **Lori Goldenberg receives national electrology award**

**Lori Goldenberg** of Ridgefield received the highest honor in the field of electrology (the Gold Probe Award) by from American Electrology Association at its annual conference in Nashville, Tenn., Oct. 28.

Jim Paisner, who presented the award, said it is “given annually to an individual that has made a significant contribution to the field of electrolysis, and has shown the potential to have a major impact on the profession in the future.”

Ms. Goldenberg is a registered nurse, a licensed and board-certified professional electrologist, and a certified medical esthetician. She is a graduate of the Vanderbilt University School of Nursing and the Electrology Institute of New England.

On Oct. 29, Ms. Goldenberg made a two-hour presentation on sterilization and infection control to the audience of approximately 200 professional electrologists.

Ms. Goldenberg, 53, moved with her family to Ridgefield in 2008, and in 2011 opened Electrolysis and Medical Skin Care of Western Connecticut at Suite 101, 871 Ethan Allen Highway (Route 7). During her career, Ms. Goldenberg has worked for hospitals, visiting nursing agencies, assisted-living facilities, plastic surgery and dermatology medical practices.
